By a vote of the town we have had all of the town land north of the causeway surveyed, cut into lots and streets. By said vote the abutters, if any, were to be given first choice to leases. E. G. Cole, Irving Powers and B. F. Smart were the only ones to take lots in front of their land. We have leased to E. G. Cole Blocks 10, 11, 13, 14, 15 and 16 for a term of fifty years at a yearly rental of \$600, the lease to commence April 1, 1910; Mr. Powers is to take Block 12, at \$100; Mr. B. F. Smart, Block 19.

The selectmen, in April, 1909, made an assessment on those whose drains enter said sewer or whose lands are benefitted thereby, of total cost of the sewer with interest to date. We assessed fifty dollars on each lot, the balance at the rate of \$65 on

each \$1000 of valuation of buildings, the whole assessment amounting to \$15,275, to be paid in five yearly assessments, interest to be charged on all not paid by Dec. 1, 1909. The law provides that the cost of maintenance each year may be assessed on the same property.

ROLL OF HONOR

Martha J. Dearborn, Willard E. Nudd, Lola B. Steward, Esther A. True, Lydia M. Davis, Wallace Blake, Florence Davis, Leslie Davis.

Miss Mary C. Pollard, teacher in the Grammar School, has maintained her high standard for superior work, and under her able and earnest guidance, the school has made very gratifying progress during the past year.

Miss Eugenia Locke resigned at the end of the school year and the Board was most fortunate in securing the services of Miss Julia Locke as her successor. She has been very faithful in her endeavor to promote the best interests of the school.

At the end of the school year Miss Alice Bean, teacher in the Intermediate school, resigned. The School Board secured the services of Miss Addie C. Marston, and the work of the school has been most praiseworthy for the past year. In this school the Board found the same trouble as in the previous year, there being too many scholars in the fourth grade for the teacher to do full justice to all of them. To obviate the difficulty, those scholars living near the North Primary School, where the fourth grade is taught, were transferred to that school.

Miss Josephine Joplin is a most efficient teacher, and holds the sincere respect and love of her pupils. The result is a wide awake progressive school.

Miss Maud Smart resigned from the East Primary School and Miss Ethel V. Stevens of Amesbury was secured to teach in

her place. Miss Steven's work has been thorough and practical, and steady advancement has been made.

In the North Primary School, Miss Etta C. Blake is a very faithful and painstaking teacher, and her capable work is shown in the good progress made by her pupils during the past year.

The interest and enjoyment in the vocal music still continues. The School Board is much pleased with the progress that has been made in this study for the past year, under the able instruction of Mr. Carl Akeley.

GENERAL REMARKS

TO PARENTS AND PUPILS:—

Once more we should like to emphasize the fact that it is not the good work of one pupil for one week, but the sum total of all the pupils for the whole year, that shows the amount of advancement made. No matter how earnest and efficient the work of your teachers may be, they cannot obtain gratifying results, when the attendance is not regular. If a pupil is absent for any length of time, it not only affects his own standing as a scholar, but it lowers the per cent of attendance for the whole school. Tardiness, also, cannot be too greatly deplored, and the habit of always being on time, is one which should be firmly fixed early in life. We ask the assistance of the parents in this matter, and trust that they will send their children regularly to school on time. We are endeavoring to keep up the high standard of our schools in every way, and we want and need your hearty co-

operation in the matter, that your children may become good citizens. We ask and urge the parents to visit the schools as often as possible, thus obtaining an insight into the school work, and by their interest and presence encouraging both pupils and teachers.

ABBOTT NORRIS

Hampton, February 17, 1909.

Your committee congratulate themselves and the town on the present efficiency and equipment of the Academy and High school. The school is fully up to its previous high standard; maybe has surpassed it. The requirements of the State Superintendent as to entrance, examination and work to be accomplished have been fully met. The reference books, etc., have been secured as he directs. Not many academies of the same class in the state are as well equipped as ours. We have also an amply qualified and most industrious corps of teachers, who give faithful and untiring work to the school. The attendance has largely increased, almost double that of the previous year. The

school is doing good work, creditable to the town, and helpful to town and vicinity. Thanks to the generosity of Hon. Edw. Tuck we close the year without debt. But this is a state of matters that is not creditable and ought not to be. Year after year we struggle with a lack of funds. This lack should be supplied some way. Mr. Joshua Lane's liberal legacy helps some, but still there is need. The standard of the school cannot be lowered. This is fixed. How can it be sustained? This is the question for town and trustees to answer. The usual article for appropriation is not in the town warrant; as the law is, this must be voted on in school meeting.

For the committee,

J. A. ROSS, Chairman,

Hampton, February 21, 1910.
